۱۳	۴	<p>Reading متن زیر را بخوانید و به سوالات آن با دقت پاسخ دهید</p> <p>There are several types of dictionaries. Dictionaries which explain words and how they are used; dictionaries which translate words from one language to another; dictionaries of biography which tell about famous people; and technical dictionaries which explain the meaning of technical words. Dictionaries which explain what words mean gave a clear definition of them. A good dictionary also gives more information about words. For instance, it explains how they are pronounced. Usually the <u>International Phonetic Alphabet (IPA)</u> is used for this purpose.</p> <p>There are also dictionaries which translate words into other languages. Very often one volume translates both ways, for example, half of the book is from English to Persian and the other half from Persian to English.</p> <p>When using a dictionary to find out how to say something in another language, one has to be careful to choose the right meaning.</p> <p>39. ۱۴	۳	<p>متن زیر را بخوانید و به سوالات آن با دقت پاسخ دهید.</p> <p>There are different kinds of pollution -some visible, some invisible- that cause global warming. Generally, anything that people enter into the atmosphere that has bad effects on living things and the environment is considered air pollution.</p> <p>Greenhouse gas is the main pollutant that is warming Earth. Carbon dioxide is among the main greenhouse gases. Though living things produce carbon dioxide when they breathe, carbon dioxide is widely considered to be a pollutant when is made by cars, planes, power plants, and other human activities that involve the burning of fossil fuels such as gasoline and natural gas. In the past 150 years, such activities have pumped enough carbon dioxide into the atmosphere to raise its levels higher than they have been for hundreds of thousands of years.</p> <p>Many countries have worked to reduce level of greenhouse gases such as carbon dioxide in order to improve people's health. The Paris Agreement, a voluntary agreement among 118 nations, is made on November 4, 2015, in order to save the Earth by reducing the greenhouse gases. As the part of the agreement, countries decide to take steps to produce less pollutants and reduce Earth's temperature to 2 degrees Celsius.</p> <p>45. What is a greenhouse gas?</p> <p>46.
